

**W**e opened Double D.A.B. in 1982 and built the business on a passion for horses. Today, our passion continues to thrive on our family owned and operated farm.

Double D.A.B. has a farm-like environment. We have several kinds of farm animals including horses, cows, goats, and many more.

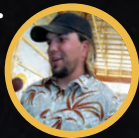

We have over 70 horses at the stable. Most of them were born, raised, and trained on the farm. Although each horse is unique, they all share a gentle and caring nature.

We want your visit to be a pleasant one and having fun safely is our #1 priority. Stop if you wish to look around. We are open year round, 7 days a week, weather permitting. We always welcome visitors.
